DRIVEN BY QUALITY

<https://cwssynergy.com.my/>

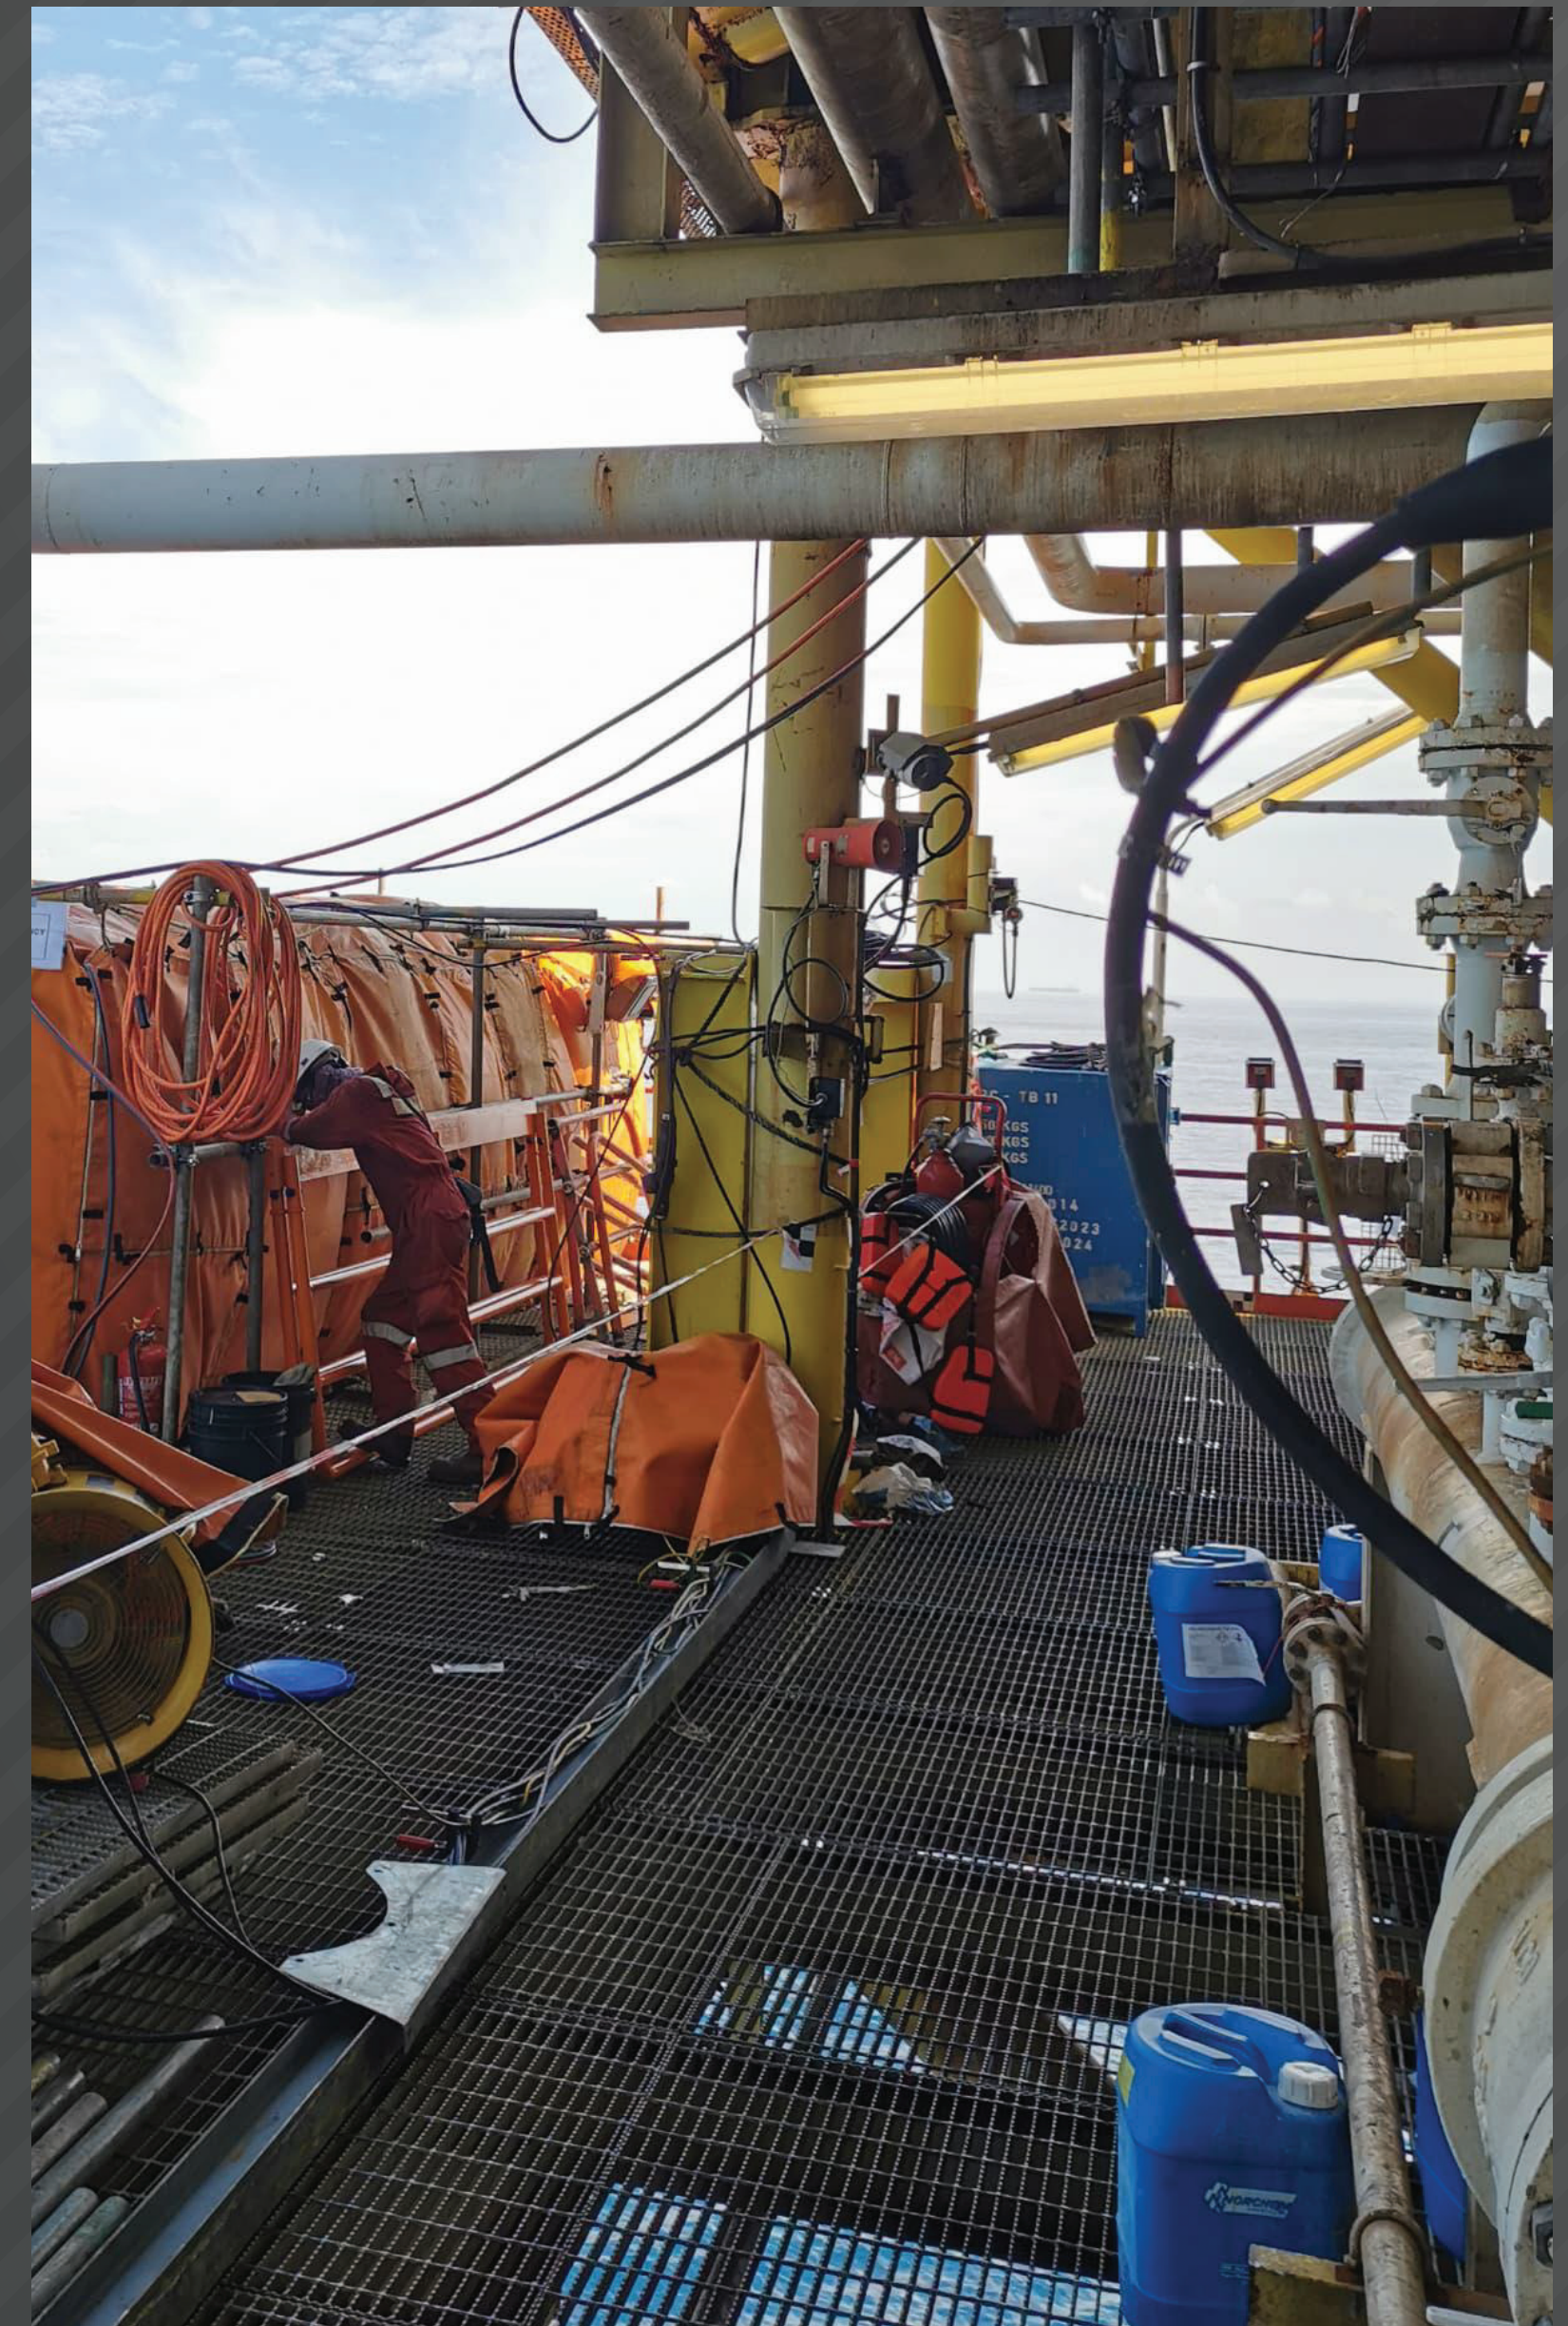

CWS SYNERGY SDN BHD,

a support service provider for the oil and gas industry, began operations in August 2023 with a commitment to delivering reliable, safe, and efficient solutions tailored to the unique operational needs of our clients. Our approach is designed to optimize efficiency, enhance productivity, and ensure seamless operations across the industry. As we continue to grow, we remain dedicated to setting new benchmarks for innovation, quality, and value, solidifying our position as a trusted partner in the oil and gas sector.

Backed by a highly skilled team with over 30 years of combined industry experience, we leverage technical expertise and operational know-how to drive our services. Our foundation is built on our commitment to occupational safety, health, and quality assurance, to consistently meet client expectations while upholding the highest industry standards.

OUR CORE BUSINESS AND EXPERTISE FOCUS ON DELIVERING SPECIALIZED SERVICES:

PRESSURIZED WELDING HABITAT SYSTEMS

Our solutions are specifically designed to enable safe and efficient welding in hazardous environments. Rigorously tested to meet and exceed industry safety standards, these systems minimize risks, protect personnel, and ensure uninterrupted operations.

ON-SITE MACHINING SERVICES

We provide portable machining solutions designed to meet precise technical requirements directly at client locations. Our services encompass flange facing, pipe cutting, milling, and other essential machining tasks, ensuring seamless maintenance and efficient project execution.

CERTIFIED AND EXPERIENCED MANPOWER

We provide a team of certified, highly trained, and experienced professionals, carefully selected to meet the specific needs of each client. Their expertise ensures efficiency and quality in every project.
